

WELCOME TO  
BROOKLYN HEIGHTS

When I moved to Brooklyn Heights I immediately felt at home. Even more so after I found out my grandparents met on a blind date at The Hotel St. George in 1946. I knew this was where I was meant to be!

Brooklyn Heights is more to me than just a place to live. It is the most beautiful neighborhood in New York City! I'm constantly inspired by the history and the pride of local residents and small business owners. Brooklyn Heights represents what it means to be a community and I couldn't be more proud to live here.

I wanted to share some of my favorite places in the neighborhood and I hope you all enjoy the book.
